Experience

Web Consultant,
Yekola Digital – Brighton, UK

04/2021 to Current

- Developing websites for clients: organise meetings with clients to discuss their requirements, then based on the information gathered put together a proposal aligned to the clients' needs and requirements. Then, create, launch and maintain their websites.

- **Local Football Club - Diversity United Fc:** [Diversity United F.C](#) (Delivered in May 2021) helps the local club in establishing a strong online presence, recruiting players, and connecting with their local communities.
- **Non-profit Organisation:** [Kiyedi Reveil](#) (Delivered in March 2022)
 - helps the client in building a robust online presence, sharing their teaching, and reaching a diverse range of audiences.
- .
- **Music & Entertainment Industry:** [Liz Ikamba](#) (Delivered in March 2023)
 - helps the artist in establishing a strong online presence, showcasing their work, and reaching a wide range of audiences.
- Maintaining and optimising clients website: identify and resolve bugs, issues, plugins updating and provide ongoing support and maintenance.

Web Volunteering & Portfolio Projects, Yekola Digital – Brighton, UK

01/01/2025 to Current

- [Flavi-Portfolio:](#) a front-end portfolio project to showcase my skills using HTML, JavaScript, and CSS - deployed on Netlify. Additionally, I developed a second JS Animation portfolio project using Next.js, Framer Motion, and TailwindCSS; this project is currently hosted on my local computer. I attempted to deploy it on Netlify, but it failed due to bugs. I am in the process of debugging it, and if I cannot resolve the issues, I will start from scratch. Furthermore, I designed a [Seafood landing page app](#): using Bootstrap, ReactJS, Axios fetching data from a food API - deployed on Netlify.
- I created a CRUD application using PHP and MySQL to simplify online registration for the IT Conference. Additionally, I developed an eCommerce application that combines WordPress with the WooCommerce plugin. Both projects are currently hosted on my local computer servers

Education

2014-2018: University of Brighton, Brighton UK

Bachelor's Degree in Business and Computing

- Relevant Modules: Web Development, Programming, Database Systems, Project Management, UX Design

2013 - 2014: Sussex Downs, Lewes UK - Access to Higher Education – Business

Interests and Hobbies

- **Football** - Coach and player, enhancing teamwork and leadership skills
- **Lifelong learner** - Enthusiastic about continuous learning, staying current with trends through books and podcasts.
